

Child Protection and Safeguarding Policy

1.0 Introduction

- 1.1 The Governing Body of our school is responsible for ensuring the annual review of this policy.
- 1.1 The Governing Body understands, takes seriously and fulfils its safeguarding responsibilities under section 175 of the Education Act 2002 to safeguard and promote the welfare of children. The Governing Body ensure that all staff are familiar with statutory guidance and that mechanisms are in place to assist staff to understand and discharge their role and responsibilities, and ensure they listen, record and act NOT investigate.
- 1.3 Safeguarding (as defined in the Joint Inspector's Safeguarding report is taken to mean, "All agencies working with children, young people and their families take all reasonable measures to ensure that the risk of harm to children's welfare are minimised" and "where there are concerns about children and young people's welfare, all agencies take all appropriate actions to address those concerns, working to agree local policies and procedures in full partnership with other agencies".
- 1.4 The Governing Body understands, takes seriously and fulfils its safeguarding responsibilities under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions, to have due regard to statutory guidance issued under section 29 of the CTSA 2015 (Prevent Guidance) to the need to prevent people (and children) from being drawn into terrorism.
- 1.5 We recognise that all staff¹ and Governors have a full and active part to play in protecting our pupils from harm, and that the child's welfare is our paramount concern. All professionals who come into contact with the Academy's pupils should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.
- 1.6 We recognise that all forms of so called HBV (honour-based violence) are abuse (regardless of the motivation) and are handled and escalated as such. HBV encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. If in any doubts staff will speak to the Designated Safeguarding Lead, just as they would with any other Safeguarding issue. Since 31 October 2015 there has been a mandatory reporting duty placed on teachers (Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) that places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the Police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18.)

^{1 &}quot;Staff" covers ALL adult staff on site, including temporary, supply and ancillary staff, and volunteers working with children

^{2.} Guidance on the warning signs that FGM or forced marriage may be about to take place, or may have already taken place, can be found on pages 38-41 of the Multi agency statutory guidance on FGM (pages 59-61 focus on the role of schools and colleges) and pages 13-14 of the Multi-agency guidelines: Handling case of forced marriage.

 $^{^2}$ "Staff" covers ALL adult staff on site, including temporary, supply and ancillary staff, and volunteers working with children

^{*2.} Guidance on the warning signs that FGM or forced marriage may be about to take place, or may have already taken place, can be found on pages 38-41 of the Multi agency statutory guidance on FGM (pages 59-61 focus on the role of schools and colleges) and pages 13-14 of the Multi-agency auidelines: Handlina case of forced marriage.

- 1.7 We believe that our school should provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual child.
- 1.8 This policy has been developed in accordance with the principles established by the Children Act 1989; and in line with the following:

The Prevent Duty (Departmental Advice for schools and childcare providers) June 2015

All staff have read and understood Part One of Keeping Children Safe in Education. All staff have been issued with a paper copy and all teaching staff have a copy saved on their iPad Bookshelf.

1.9 The aims of this policy are:

To provide an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties.

Further information regarding Mandatory Reporting can be found at https://www.gov.uk/government/publications/mandatory-reporting-of-female-genital-mutilation-procedural-information

To raise the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse. (Staff will receive appropriate safeguarding and child protection training which is regularly updated. Staff members will receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.)

To provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support plans for those children.

To develop a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse. This includes procedures for HBV (Honour based violence)

To ensure that all adults within our school who have access to children have been checked as to their suitability. This includes other community users of our facilities.

To protect children from the risk of radicalisation and to have due regard to the need to prevent people from being drawn into terrorism. This will include ensuring that we are doing all that we reasonably can to limit children's exposure to the three areas of risks from the school IT system (Content: being exposed to illegal, inappropriate or harmful material; Contact: being subjected to harmful online interaction with other users; Conduct: personal online behaviour that increases the likelihood of, or causes, harm).

To ensure that the Academy has appropriate filters and monitoring systems in place to limit children's exposure to the three areas of risk (see above) from the school's IT system.

2.0 Procedures

- 2.1 We have a Designated Safeguarding Lead for Child Protection, Miss Bianca lasi, Head of School, who has undertaken appropriate training for the role, within the past two years. Our Designated Safeguarding Lead will update her training every two years.
- 2.2 We have a member of staff who will act in the Designated Safeguarding Lead's absence, Mr Dave Rooney, Executive Principal, who has also received training for the role of Designated Safeguarding Lead, and who will have been briefed in the role.
- 2.3 We have a further two Deputy Designated Safeguarding Leads, Mary Gallop and Pauline Reid, they are also Home Office Accredited Trainers for WRAP (Workshop to Raise Awareness for Prevent)
- 2.4 All adults, (including supply teachers and volunteers) new to our school will be made aware of the school's policy and procedures for child protection, the name and contact details of the Designated Safeguarding Lead and have these explained, as part of their induction into the school.
- 2.5 All members of staff are provided with opportunities at least every three years to receive Safeguarding and Prevent Duty training arranged or delivered by the Designated Safeguarding Lead in order to develop their understanding of the signs and indicators of abuse, how to respond to a pupil who discloses abuse and the procedure to be followed in appropriately sharing a concern of possible abuse or a disclosure of abuse. In addition all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

- 2.6 All parents/carers are made aware of the school's responsibilities in regard to child protection procedures through publication of the school's Child Protection Policy, and reference to it is on our website and home school agreement.
- 2.7 Our lettings policy will seek to ensure the suitability of adults working with children on school sites at any time.
- 2.8 Community users organising activities for children are aware of and understand the need for compliance with the school's child protection guidelines and procedures.
- 2.9 Our selection and recruitment policy is to include all checks on staff and regular volunteers' suitability, this is includes Disclosure and Barring Service checked in accordance with current legislation and will be renewed by the school every three years. The Principal, School Business Manager and Safeguarding Deputy are trained in Safer Recruitment, as is the Chair of Governors. Staff trained in Safer Recruitment always form part of interview panels.
- 2.10 The name of any member of staff considered not suitable to work with children will be notified to the DFE Teachers' Misconduct Team, with the advice and support of Human Resources and in accordance with the NEOST guidance and related regulations³. A referral to the DfE, List 99 POCA (Protection of Children's Act) should be made.
- 2.11 Our procedures will be annually reviewed and up-dated and also when new Guidance is published; staff will be informed of any updates.
- 2.12 The name of the Designated Safeguarding Leads will be clearly shown in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse.

3.0 Supporting Children

- 3.1 We recognise that a child who is abused, who witnesses violence or who lives in a violent environment may feel helpless and humiliated, may blame him/herself, and find it difficult to develop and maintain a sense of self-worth.
- 3.2 Miss Bianca lasi, Head of School, and SENDCO is the designated teacher appointed by the Governing body to promote the educational achievement of children who are looked after. She ensures that she has the relevant information needed in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. She holds information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her. The Designated Safeguarding Lead should have details of the child's social worker and the name of the virtual school head in the authority that looks after the child.
- 3.3 We recognise that the school may provide the only stability in the lives of children who have been abused or who are at risk of harm.

³ The 'Barring Regulations' are the Procedures for Barring or Restricting People Working with Children in Education' DFE July 2003

- 3.4 We recognise that the school plays a significant part in the prevention of harm to our pupils by providing pupils with effective lines of communication with trusted adults, supportive friends and an ethos of protection.
- 3.5 We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.
- 3.6 We recognise that protecting children from the risk of radicalisation is a part of our wider safeguarding duties, and is similar in nature to protecting children from other forms of harm and abuse.
- 3.7 We recognise that during the process of radicalisation it is possible to intervene to prevent vulnerable children from being radicalised. As with managing other safeguarding risks, our staff are alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their professional judgement in identifying children who might be at risk of radicalisation and act proportionately which may include making a referral.
- 3.8 Our school will support all pupils by:
 - Maintaining an ethos, which is understood by all staff, which enables children to feel secure
 and encourages them to talk knowing that they will be listened to.
 - Encouraging the development of self-esteem and resilience in every aspect of school life including through the curriculum.
 - Promoting a caring, safe and positive environment within the school.
 - Liaising and working together with all other support services and those agencies involved in the safeguarding of children.
 - Ensuring that all children know there is an adult in the school whom they can approach if they are worried or in difficulty.
 - Providing, across the curriculum, opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help.
 - Ensuring children are taught about safeguarding, including online safety training.

4.0 On-line Safety

- 4.1 We recognise that the use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation- technology often provides the platform that facilitates harm. We will ensure that we protect and educate our pupils in their use of technology and establish mechanisms to identify, intervene and escalate any incident where appropriate.
- 4.2 The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:
 - Content: being exposed to illegal, inappropriate or harmful material
 - Contact: being subjected to harmful online interaction with other users

• Conduct: personal online behaviour that increases the likelihood of, or causes, harm We will do all that we reasonably can to limit children's exposure to the these risks from the Academy's IT system by ensuring that there are appropriate filters and monitoring systems in place and are informed in part by the risk assessment required by the Prevent Duty. *(Appendix 3)

5.0 Monitoring and Filtering Systems

- 5.1 Our monitoring systems ensure that Staff always directly supervise children whilst using technology including the Internet.
- 5.2 Whilst we recognise that no monitoring can guarantee to be 100% effective we will ensure that our monitoring system is as robust as possible. It includes filtering for Key words, controlled by Google managed by Key Networks that automatically forces Safe Search and blocks access to inappropriate websites.

Our monitoring system covers the following content:

Content	Content or communications that:
Illegal	Is illegal (eg. Child abuse images and
	terrorist content)
Bullying	Involves the repeated use of force, threat
	or coercion to abuse, intimidate or
	aggressively dominate others.
Child Exploitation	Is encouraging the child into a
	coercive/manipulative sexual
	relationship.This may include
	encouragement to meet.
Discrimination	Promotes the unjust or prejudicial
	treatment of people on the grounds
	of race, religion, age, sex, disability or
	gender identity.
Drugs / Substance abuse	Displays or promotes the illegal use of
	drugs or substances.
Extremism	Displays sexual acts or explicit images.
Self- Harm	Promotes or displays deliberate self-
	harm.
Violence	Displays or promotes the use of physical
	force intended to hurt or kill.
Suicide	Suggest the user is considering suicide.

A list of web filtering categories are in Appendix 3.

5.3 We will ensure that our monitoring strategy meets the following principles:

Content	
Age appropriate	Includes the ability to implement
	variable monitoring appropriate to age.
	This will in turn define which alerts are
	prioritised and responded to.

Data retention	User accounts are disabled once pupils
	have left the school
Monitoring Policy	Pupils are routinely reminded that their
(E-mail, E-Safety and Internet Policy)	online access is monitored. They are
	taught about on-line safety and to
	behave appropriately and responsibly.
Impact	Key Network review regularly and
	monitor the impact of the systems.
	Weekly E-mails are sent to the school.
	Serious breaches are notified
	immediately.
Prioritisation (How alerts are generated	Key Networks send an automated E-
and prioritised to enable rapid response)	Mail alerting web traffic events that
	violate our policy .They would inform us
	immediately if there was a serious
	breach eg multiple attempts to access an
	inappropriate website by a single user.
Reporting	Weekly E-Mail to Pauline Reid(School
	Business Manager)/ Bianca lasi (Head of
	School) , Raman Herr

5.4 Schools in England (and Wales) are required "to ensure children are safe from Terrorist and extremist material when accessing the internet in school, including by establishing appropriate levels of filtering (Prevent Duty 2015). We ensure that access to illegal content is blocked, specifically that the filtering providers are IWF members and block access to illegal Child Abuse Images and Content (CAIC) . Untangle.com are the manufacturer of our firewall/web filter. The filter automatically receives updates from a company called Zvelo who are members of the IWF.

Recognising that no filter can guarantee to be 100% effective, our filtering system manages the following content (and web search):

Content	Content that :
Discrimination	Promotes the unjust or prejudicial treatment of
	people on the
	grounds of race, religion, age, or sex.
Drugs / Substance abuse	Displays or promotes the illegal use of drugs or
	substances.
Extremism	Promotes terrorism and terrorist ideologies,
	violence or intolerance.
Malware / Hacking	Promotes the compromising of systems including
	anonymous browsing and other filter bypass
	tools as well as sites hosting malicious content.
Pornography	Displays sexual acts or explicit images.
Piracy and copyright theft	Includes illegal provision of copyrighted material.
Self-Harm	Promotes or displays deliberate self- harm
	(including suicide and eating disorders).
Violence	Displays or promotes the use of physical force
	intended to hurt or kill.

- 5.5 We ensure that our system does not over block access so it does not lead to unreasonable restrictions and that our filtering system meets the following principles:
 - Age appropriate, differentiated filtering includes the ability to vary filtering strength appropriate to age and role; Student and staff are differentiated.
 - Control has the ability and ease of use that allows schools to control the filter themselves to permit or deny access to specific content; IT provider and onsite IT coordinator (R. Herr) have access to filtering controls.
 - Filtering Policy the filtering provider publishes a rationale that details their approach to filtering with classification and categorisation as well as over blocking.
 - Identification the filtering system should have the ability to identify users; filter is user and device aware (where possible)
 - Mobile and App content isn't limited to filtering web traffic and includes the blocking of
 inappropriate content via mobile and app technologies. Encrypted traffic sent by apps like
 WhatsApp cannot be intercepted by the filter, school provided device should/are not
 permitted to use apps of this nature.
 - Network level filtering should be applied at 'network level' i.e., not reliant on any software on user devices. Untangle.com works at the network level. (Untangle.com are the Filter Manufacturer).
 - Reporting mechanism the ability to report inappropriate content for access or blocking.
 Key Networks send an automated weekly E- Mail to P Reid (School Business Manager, SDP, Prevent Trainer), B lasi (Head of School, SDP) and Raman Herr alerting the Academy to web traffic events that violate our policy. (E-mails provided by Microsoft and managed by Key Networks). See Prevent Risk Assessment Appendix 3
 - Key Networks would inform us immediately if there was a serious breach e.g. multiple attempts to access an inappropriate website by a single user.
 - Reports the system offers clear historical information on the websites visited by your users; Data is retained for 30 days.

6.0 Peer-on-Peer Abuse

- All staff are aware of safeguarding issues that can manifest themselves via peer on peer abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting. This could, for example, include girls being sexually touched/assaulted or boys being subject to initiation/hazing type violence.
- 6.2 Staff are clear as to the school policy and procedures with regards to peer on peer abuse as defined in the anti-bullying, school's behaviour policy and broader child protection procedures.
- 6.3 Children and young people who abuse others will be responded to in a way that meets their needs as well as protecting others within the school community through a multi-agency risk assessment. We ensure that the needs of children and young people who abuse others will be considered separately from the needs of their victims.

7.0 Private fostering arrangements

7.1 A private fostering arrangement occurs when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16, or aged under 18 if the child is disabled. Children

looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.

- 7.2 Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age. Most privately fostered children remain safe and well but safeguarding concerns have been raised in some cases so it is important that schools are alert to possible safeguarding issues, including the possibility that a child has been trafficked into the country.
- 7.3 By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care as soon as possible. Should the Academy become aware of a private fostering arrangement for a pupil that has not been notified to Children's Social Care, the Academy will encourage parents and private foster carers to notify Children's Social Care and will share information with Children's Social Care as appropriate.

8.0 Confidentiality

- 8.1 We recognise that all matters relating to child protection are confidential. The Principal or Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff on a need to know basis only.
- 8.2 However, all staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- 8.3 All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another.
- 8.4 We will always undertake to share our intention to refer a child to the Multi-Agency Safeguarding Hub (MASH) with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation.

9.0 Supporting Staff

- 9.1 We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting.
- 9.2 We will support such staff by providing an opportunity to talk through their anxieties with the Designated Safeguarding Lead and to seek further support. This could be provided by the Principal or another trusted colleague, Occupational Health, and/or a representative of a professional body or trade union, as appropriate.
- 9.3 In consultation with all staff, we have adopted a code of conduct for staff at our school. This forms part of staff induction and is in the staff handbook. We understand that staff should have access to advice on the boundaries of appropriate behaviour.

10.0 Allegations against staff

- 10.1 All school staff should take care not to place themselves in a vulnerable position with a child.
- All staff should be aware of the school's behaviour/discipline policy. This can be found in the Policy Folder situated in the area outside the Principal's office.

- 10.3 We understand that a pupil may make an allegation against a member of staff. If such an allegation is made, the member of staff receiving the allegation will immediately inform the Principal or the most senior teacher if the Principal is not present.
- The Executive Principal/Head of School will immediately use the schools agreed guidance on managing allegations and on all such occasions will discuss the content of the allegation with the Local Authority Designated Officer (LADO).
- 10.5 If the allegation made to a member of staff concerns the Principal, the person receiving the allegation will immediately inform the Chair of Governors who will consult as in 8.4 above, without notifying the Principal first.
- 10.6 The school will follow the annually agreed guidance for managing allegations against staff, a copy of which can be found in the Policy Folder situated outside the Principal's office.
- 10.7 Suspension of the member of staff against whom an allegation has been made needs careful consideration, and we will consult (as in 6.4 above) in making this decision.
- 10.8 Our lettings agreement for other users requires that the organiser will follow LA procedures for managing allegations against staff and, where necessary, the suspension of adults from school premises.

11.0 Whistleblowing

- 11.1 We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.
- All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. The 'Raising Concerns at Work (Whistle-blowing Policy) for Schools' can be found in the Policy Folders situated outside the Principal's office.

12.0 Physical Intervention

Our policy on physical intervention by staff is set out separately, as part of our Behaviour Policy. This policy states that staff must only ever use physical intervention as a last resort, eg. when a child is endangering him/herself or others and that, at all times it must be the minimal force necessary to prevent injury to another person.
