--	--	--	--	--	---	--

	<p>Revisit different types of nouns – abstract, concrete, collective, proper, revisit verbs, adverbs, modal verbs might, should, will and must and adjectives, indicating degrees of possibility using modal verbs, pronouns and possessive pronouns, converting nouns or adjectives into verbs using suffixes, relative clauses beginning with who, which, where, when, whose, that or an omitted relative pronoun. 5a 10b 11a 11b 12a</p>	<p>Uses dictionaries to check the spelling and meaning of words. Uses the first three or four letters of a word to check spelling, meaning or both of these in a dictionary. Uses a thesaurus. Converting nouns or adjectives into verbs using suffixes, relative clauses beginning with who, which, where, when, whose, that or an omitted relative pronoun, use of a comma to clarify meaning or to avoid ambiguity, commas to indicate parenthesis, verb prefixes, use a range of devices to build cohesion within a paragraph eg: then, after, after that, this, firstly. Spells some words with 'silent' letters, e.g., knight, psalm, solemn. Continues to distinguish between homophones and other words which are often confused. 5a 10b 11a 11b 12a</p>	<p>Indicating degrees of possibility using modal verbs, use of a comma to clarify meaning or to avoid ambiguity, relative clauses beginning with who, which, where, when, whose, that or an omitted relative pronoun, brackets to indicate parenthesis, dashes to indicate parenthesis, use a range of devices to build cohesion within a paragraph eg: then, after, after that, this, firstly. Uses knowledge of morphology and etymology in spelling and understands that the spellings of some words need to be learnt specifically. 5a 10b 11a 11b 12a</p>	<p>Commas, dashes and brackets to indicate parenthesis, use of a comma to clarify meaning or to avoid ambiguity, indicating degrees of possibility using adverbs, converting nouns or adjectives using suffixes, relative clauses beginning with who, which, where, when, whose, that or an omitted relative pronoun. 5a 10b 11a 11b 12a</p>	<p>Verb prefixes, use of a comma to clarify meaning or to avoid ambiguity, comma, dashes, and brackets to indicate parenthesis, adverbials of time, eg: later, place, nearby, number e.g., secondly or tense choices e.g he had seen her before. (Linking these across paragraphs to build cohesion), indicating degrees of possibility using adverbs, relative clauses beginning with who, which, where, when, whose, that or an omitted relative pronoun. 5a 10b 11a 11b 12a</p>	
<p>Big Write</p>	<p>Book Review - (Pupil's choice) Informative poster (P&T) Biography of Isaac Newton (S&T) Persuasive Text-Marianne North (ICT+S&T) Recount Science Week 2c, 5a, 6a, 6b, 6c, 6d, 8c 9b, 10c, 12b</p>	<p>Chronological Report Recount- Science Week Poetry: Evaluation of performance of Poetry (LOL) Flanders Field Poetry: Observational Poetry writing (ICT) Instructional Text; Sundials (S&T) Fact File Ernest Shackleton 4a, 4c, 8a, 8b, 8c 9a, 10a</p>	<p>Book Review Millions Frank Cottrell Boyce (Class Reader) Persuasive Pamphlet Horses needed in WW1 Non-Chronological Report- Ada Lovelace (Maths/ICT) Newspaper Articles WW1 (P&T/ICT) 5a, 6a, 6b, 8c, 8d, 8e, 9a, 9b, 12a, 12b</p>	<p>Book Review (Class Reader War Horse) Black Dog- Summarise and sequence main events from a picture book. (BOOK WEEK) Fiction: Play-scripts (LOL Iron Man) Roman Day (diary entry) Non chronological Report: Create PowerPoint on Romanisation Of Britain 1a 1c 3a 3b 3c 4a 4b 4c, 5a 6a 6b, 8a 8b 8d, 9a</p>	<p>Book Review- Iron Man Poetry: Learn, recite and perform Tyger Tyger by William Blake (Oracy) Poetry Analysis William Blake-Tyger Tyger Visual Literacy-Combine information about the life of a character and a setting to introduce narrative. 1a, 4a, 4c, 5a, 6a, 6b, 8b,10a, 12a, 12b</p>	<p>Diary Entry: Mohammad Ali fight' Rumble in the jungle' Persuasive argument: Similarities and differences between Mohammed Ali and Nicola Adams (Sports Week) (P& E HEALTH) ICT- PowerPoint ICT-Sustainability posters. Designing persuasive Holiday Brochure 1a, 1b, 1c, 3a, 3b, 5a, 6a, 6b 8d, 10a</p>

<p>Science and Technology</p>	<p>(POND UNIT) Living Things and their Habitats: Describe the differences in the life cycles of a mammal, an amphibian, an insect, and a bird. Describe the life process of reproduction in some plants (strawberry, potato, tulip) and animals (insects, amphibians, reptile and anatomy of a chicken's egg). S1.1, S1.2, S1.3, S1.4, S1.5, S1.6, S1.7, S1.8, S1.9, S2.1, S2.2</p>	<p>Earth and Space: Describe the movement and properties of the Earth, and other planets, relative to the Sun in the solar system. Describe the movement of the Moon relative to the Earth. Describe the Sun, Earth and Moon as approximately spherical bodies. Use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky. Physical Health & Wellbeing: Health and Prevention - Sun safety S1.1, S1.2, S1.3, S1.4, S1.5, S1.6, S1.7, S1.8, S1.9, S5.1, S5.2, S5.3, S5.4</p>	<p>Forces: Explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object. Identify the effects of air resistance, water resistance and friction, that act between moving surfaces. Look at rotational forces. Recognise that some mechanisms, including levers, pulleys and transmission of forces in gears, allow a smaller force to have a greater effect. S1.1, S1.2, S1.3, S1.4, S1.5, S1.6, S1.7, S1.8, S1.9, S6.1, S6.2, S6.3</p>	<p>Changing Materials: Compare and group together everyday materials based on their properties, including their solubility and response to magnets. Know that some materials will dissolve in liquid to form a solution and describe how to recover a substance from a solution. Use knowledge of solids, liquids, and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating. Demonstrate that dissolving, mixing and changes of state are reversible changes. Explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda S1.1, S1.2, S1.3, S1.4, S1.5, S1.6, S1.7, S1.8, S1.9, S4.1, S4.2, S4.3, S4.4, S4.5, S4.6</p>	<p>Properties of materials: Compare and group together everyday materials on the basis of their properties, including their hardness, transparency, and conductivity (electrical and thermal). Give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic. S1.1, S1.2, S1.3, S1.4, S1.5, S1.6, S1.7, S1.8, S1.9, S4.1, S4.2, S4.3, S4.4, S4.5, S4.6</p>	<p>Animals Including Humans: Describe the changes as humans develop to old age Physical Health & Wellbeing: Health and prevention -allergies, immunisation and vaccination. Health and Wellbeing: Changing adolescent body - changes 9-11 S1.1, S1.2, S1.3, S1.4, S1.5, S1.6, S1.7, S1.8, S1.9, S3.1</p>

(Spiritual/Cultural)</i></p> <p>Religion- Christianity</p> <p>5.71,5.72,5.73,5.75,5.76, 5.77,5.80</p>
--	--	--	--	--	---	--

Arts and Creativity	<p>Music: Listening & Appraising - Understanding how pulse, rhythm and pitch work together. Listening with attention to detail, recognising styles of music and instruments. Singing - Recall vocal sounds with increasing aural memory. Continue to sing in an ensemble, with increasing confidence and precision. M2.1, M2.3, M2.5, M2.6 Theme: Livin' On A Prayer Classic rock music, Bon Jovi</p>	<p>Music: Playing - Play classroom instruments in a group/band/ensemble. (Recorders and Glockenpiels) Improvisation – Improvise with increasing confidence using own voice, rhythms and varied pitch. M2.1, M2.2, M2.3, M2.5 Theme: Classroom Jazz 1 Three Note Bossa and Five Note Swing Musician Study: Louis Armstrong, Jazz.</p>	<p>Music: Listening & Appraising - Find and internalise pulse using movement. Use correct musical language consistently, to describe music and your feelings towards it. Singing - Sing with expression, emotion and diction. Continue to sing in an ensemble with increasing confidence and precision. M2.1, M2.3, M2.5, M2.6 Theme: Make You Feel My Love Pop ballads, Bob Dylan & Adele</p>	<p>Music: Playing - Continue to learn to play tuned percussion instruments in a group/band/ensemble. Explore the link between sound and symbol (simple, formal music notation). (Recorders and Glockenpiels) Improvisation – Explore and create own responses, melodies and rhythms. M2.1, M2.2, M2.3, M2.4, M2.5 Theme: The Fresh Prince of Bel Air Old School Hip Hop</p>	<p>Music: Composition & Playing - Create own responses, melodies & rhythms. Begin to record these using formal notation, building on understanding of link between sound and symbol. Respect and improve work together. (Glockenspiels) M2.1, M2.2, M2.3, M2.4, M2.5, M2.6 Theme: Reflect, Rewind and Replay Bringing together musical learning to compose own melodies. Consolidating musical learning.</p>	<p>Music: Listening & Appraising - Recognise different musical styles from different times and traditions. Discuss the dimensions of music (Pulse, rhythm, pitch, dynamics, tempo, texture, structure & timbre) Singing - Continue to sing in an ensemble, with increasing confidence, precision and diction, building on understanding of vocal health. M2.1, M2.3, M2.5, M2.6 Theme: Dancing In The Street Motown style music from the 80s</p>
	<p>Art: Appraisal & Appreciation Describe and discuss work of a famous artist / architect / designer. Discuss artist's technique and use technical vocabulary to appraise. Create own responses to artist's work. A2.1, A2.3 Theme: Claude Monet, Impressionist landscape paintings, school pond</p>	<p>Art: Skills & Technique Drawing Draw with correct proportions, using line tone and shading in three dimension A2.1, A2.2, A2.3 Theme: Creating pictures linked to work of Marianne North</p>	<p>Art: Appraisal & Appreciation Research and discuss work of a famous artist / architect / designer. Discuss artist's technique and use technical vocabulary to appraise. Create own responses to artist's work. A2.1, A2.3 Theme: Fibonacci spiral</p>	<p>Art: Exploring Media Add collage to a painted, drawn or printed background using a range of media. A2.1, A2.2, A2.3 Theme: Creating Roman Mosaics</p>	<p>Art: Exploring Media Clay - coils Develop skills in using clay, including coils. Plan a sculpture through drawing and other preparatory work A2.1, A2.2, A2.3 Theme: Design and model Indian water pot (Kara)</p>	<p>Art: Skills & Technique Painting Mix colours correctly, also experiment with using layers to create new colours. Divide foreground from background or demonstrate tones A2.1, A2.2, A2.3 Theme: Still life painting boxing gloves</p>

Maths	NUMBER Number and Place Value	NUMBER Multiplication and Division	NUMBER Number and Place Value	NUMBER Addition and Subtraction	NUMBER Number and Place Value	NUMBER Number and Place Value	
	Read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit e.g. order a set of multi-digit numbers from smallest to largest - 37 700, 737 570, 737 507, 37 570	Identify multiples and factors, including finding all factor pairs of a number and common factors of two numbers	Read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit e.g. what is the smallest integer you can make using all of these digits: 8, 1, 0, 5, 6?	Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)	Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)	Read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit e.g. What must be added to 37 500 to change it to 67 500?	Read Roman numerals to 1000 (M) and recognise years written in Roman numerals. e.g. MCMXIV (1914)
	Count forwards or backwards in steps of powers of 10 from any given number up to 1 000 000 e.g. 197 000, 198 000, 199 000, 200 000, 201 000...	Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers	Count forwards or backwards in steps of powers of 10 from any given number up to 1,000,000	Add and subtract numbers mentally with increasingly large numbers	Add and subtract numbers mentally with increasingly large numbers	Count forwards or backwards in steps of powers of 10 from any given number up to 1 000 000	Multiplication and Division
	Round any number up to 1 000 000 to the nearest 10, 100 and 1000 e.g. 265 946 to the nearest 1000 (266 000)	Multiply and divide numbers mentally drawing upon known facts e.g. 60x9	Interpret negative numbers in context, count forwards and backwards with positive and negative whole numbers through zero e.g. <i>count back in threes: 8, 5, 2, -1, -4, -7...</i>	Use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy	Use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy	Interpret negative numbers in context, count forwards and backwards with positive and negative whole numbers through zero	Solve problems involving multiplication and division where larger numbers are used by decomposing them into their factors e.g. $828 \div 36 = (828 \div 4) \div 9 = 207 \div 9 = 23$
	Solve number problems and practical problems that involve number, place value and rounding e.g. What number is halfway between 560 500 and 560 600?	Fractions (including decimals and percentages)	Round any number up to 1 000 000 to the nearest 10, 100, 1000, 10 000 and 100 000	Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why e.g. <i>I bought some stickers on Monday; on Tuesday I bought 20 more than I bought on Monday; now I have 70; how many stickers did I buy on Monday?</i>	Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why e.g. <i>I bought some stickers on Monday; on Tuesday I bought 20 more than I bought on Monday; now I have 70; how many stickers did I buy on Monday?</i>	Round any number up to 1 000 000 to the nearest 10, 100, 1000, 10 000 and 100 000	Establish whether a number up to 100 is prime and recall prime numbers up to 19
		Know that percentages, decimals and fractions are different ways of expressing proportions	Solve number problems and practical problems			Solve number problems and practical problems that involve number, place value and rounding. e.g. The	Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers
		Count forwards and backwards in fractions and decimals bridging zero					Multiply and divide numbers mentally drawing upon known

<p>560 600?</p> <p>Revise Roman Numerals to 1000 and be able to calculate time using a Roman Numeral clock</p> <p>Addition and Subtraction Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)</p> <p>Add and subtract numbers mentally with increasingly large numbers e.g. $15\ 400 - 2000 = 13\ 400$</p> <p>Use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy</p> <p>Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and</p>	<p>Compare and order fractions whose denominators are all multiples of the same number e.g. put these fractions in order from the smallest: $\frac{5}{12}, \frac{5}{6}, \frac{11}{12}, \frac{2}{3}$</p> <p>Identify, name and write equivalent fractions of a given fraction, represented visually, including tenths and hundredths making links to decimals and measures e.g. $\frac{37}{100}$ metre = 0.37m</p> <p>Recognise the per cent symbol (%) and understand that per cent relates to “number of parts per hundred”, and write percentages as a fraction with denominator hundred, and as a decimal fraction e.g. $43\% = \frac{43}{100} = 0.43$</p> <p>Recognise that percentages are proportions of quantities e.g. 40% of</p>	<p>that involve number, place value and rounding e.g. <i>What is the largest 4-digit number whose digits sum to 20? (9920).</i></p> <p>Recognise and describe linear number sequences, including those involving fractions and decimals, and find the term-to-term rule e.g. find the rule and complete the sequence: __, 16, 8, 4, __, 1, 0.5, __ (rule is: halve previous number)</p> <p>Multiplication and Division Identify multiples and factors, including finding all factor pairs of a number and common factors of two numbers</p> <p>Establish whether a number up to 100 is prime and recall prime numbers up to 19</p> <p>Multiply and divide whole numbers and</p>	<p>Multiplication and Division Continue to practise and apply multiplication tables and related division facts, committing them to memory and using them confidently to make larger calculations</p> <p>Know and use the vocabulary of prime numbers and composite (non-prime) numbers</p> <p>Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers</p> <p>Multiply and divide numbers mentally drawing upon known facts e.g. $630 \div 9$</p> <p>Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders</p>	<p>distance to the bus stop is 1km to the nearest 100m; what is the shortest distance it could be?</p> <p>Recognise and describe linear number sequences, including those involving fractions and decimals, and find the term-to-term rule e.g. find the rule and complete the sequence: __, 16, 8, 4, __, 1, 0.5, __</p> <p>Addition and Subtraction Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)</p> <p>Add and subtract numbers mentally with increasingly large numbers e.g. $12\ 462 - 2\ 300 = 10\ 162$</p> <p>Use rounding to check answers to calculations and</p>	<p>facts e.g. $840 \div 12$</p> <p>Multiply and divide whole numbers and those involving decimals by 10, 100 and 1000</p> <p>Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context</p> <p>Solve problems involving multiplication and division, including scaling by simple fractions and problems involving simple rates.eg a toymaker can make 8 toys in 2 hours; how many toys can he make in 5 hours?</p> <p>Fractions (including decimals and percentages) Identify, name and write equivalent fractions of a given fraction, represented visually, including</p>
