Caterlink and Wrap Around Care Account Balances

As the end of the academic year approaches we would like to remind parents that all Caterlink and Wrap Around Care balances must be settled before the end of term on Tuesday 17th July. This will ensure that there will be no interruptions to these services when your child(ren) return to school in September.

Cycling/Scooting on School Site

Please note that **no** children should be scooting or cycling on the playground or field at the start or end of the school day.

At the start of the day, children should dismount their bicycles/scooters at the school gates and wheel them in. At the end of the day, children should only mount their bikes /scooters when they are outside the school gates.

Message from Harpreet Tikoo, Lowbrook PTA Chair

A Huge Thank You to all who came and supported the Disco last week, the children and adults both had a great time and we managed to raise an incredible £841.66 for the PTA!!!

Thank you for all of your support this year and we look forward to hosting many more successful events next academic year.

Please register your interest and offer any suggestions via lowbrookpta@lowbrookacademy.co.uk.

On Monday and Tuesday next week there will be a red bucket by the school reception for all old uniform that is no longer needed but that is still in good condition. The PTA will then hold a second hand uniform stall at the beginning of the new term in September.

WILDFIRE

To help keep you and our countryside safe, we have come up with a checklist for what to do if there is a fire.

What to do:

- Do not try and tackle the fire yourself
- Call 999 and request the Fire Service
- Give an accurate location of the fire, for example -
 - Name of the nearest road
 - Access points
 - Visible land marks (pubs, farms, power lines, etc)
 - Locally known names
 - Map grid references (Ordnance Survey ideally or an A to Z)
- Move to a safe area and contact the local land manager if possible
- If the fire is in a remote area, please meet emergency services at the access point so that you can guide them to the location

What not to do:

- Do not discard cigarettes
- Do not have BBQs in unauthorised areas
- Never leave a BBQ unattended
- Do not start camp fires out in the countryside
- Do not discard rubbish - particularly reflective materials
- Do not burn off garden rubbish during hot periods or if you live close to woodland or heathland
- Do not have bonfires on hot days or during prolonged periods of dry weather

Remember, prevention is key!

It has taken thousands of years to create the unique habitats that we have in the UK - a wildfire could destroy these in hours. Help Royal Berkshire Fire and Rescue Service keep you safe this summer.

Dear Parent/ Carer

Please check your child is up to date with their routine vaccinations before they attend school in September 2018.

Over the summer it is really important to check that your child is up to date with their vaccinations to protect themselves from several contagious and potentially serious diseases.

At school, children will be mixing with large numbers of other children in a confined environment, which increases the risk of germs (virus and bacteria alike) spreading. Vaccination builds children's immunity to protect against these illnesses. For a number of diseases it also helps stop germs being spread, thus protecting the very vulnerable children who may not have, or may not be able to develop, immunity.

In some parts of Berkshire and amongst some age groups, vaccination rates in children are lower than needed. This puts unvaccinated children at greater risk and increases the likelihood of an outbreak in the wider population. There have been recent outbreaks of measles in the UK along with large outbreaks across Europe. Measles is a highly infectious viral illness that can be very unpleasant and sometimes lead to serious complications.

The best protection against measles is to ensure your child has had two doses of the mumps, measles and rubella (MMR) vaccination. Therefore, before your child attends school in September please check with his/her GP that they have had their routine vaccinations scheduled for 3 years and 4 months of age. These vaccinations include: diphtheria, tetanus, pertussis, polio (DTaP/ IPV) and the second dose of measles, mumps, rubella (MMR).

Please also check that they are up to date with all the other vaccinations that they would have been invited for as a baby and at 12 months old.

If you are not sure if your child has had all their routine vaccinations, check their personal health record (Red Book) or contact your GP surgery. For a checklist of the vaccines and the ages at which they should ideally be given visit www.nhs.uk/vaccinations
