Maths Week Parent Volunteers

Building on the success of last year's Maths Week, we will be holding another sensational week from the 4th to the 8th February 2019. During this year's Maths Week there will be a range of activities and events across all year groups and we need your help...

Last year we were extremely fortunate to work alongside external companies, parents and general maths enthusiasts to make the week one to remember. With this in mind, it would be excellent if you, as parents/guardians or relatives, could offer a workshop or a talk in any field of maths. Your services would of course be to a year group of your choice and at a time convenient to you. There are slots free throughout the week. With the possibility to deliver your workshop/talk to any year group, or multiple year groups should you wish, classes can be flexible around times you wish to visit.

If you are able to help please complete the reply slip on the attached letter and hand it in to the school office by Friday 25th January 2019.

Cancellation of After School Clubs on Tuesday 29th Jan and Thursday 14th Feb 2019

There will be no Teacher led after school activity clubs on Tuesday 29th January (netball, zumba and sketching & painting) or Thursday 14th Feb (choir) due to staff training.

Parent Talk – Help to Keep your Child Safe Online

There are still places available for this talk at 6.00pm on Tuesday 29th January 2019.

Places can be booked by completing the booking form (attached) and returning it to the school office no later than the 25th January 2019.

6G

Amelie – for a fantastic attitude to learning.

Holly and Taran – for a huge improvement in their writing.

Parent Talk
Help to Keep your Child Safe Online

Tuesday 29th January 2019
6.00pm - 7.30pm

Our children live in the Internet Age. They love to use technology and play the latest games. However, it is not always easy for parents and carers to understand what they are doing and how we can help to do the right things to keep them out of danger.

The school will be having a Special Internet Safety Day where the children will learn about going on line and how to keep safe.

It is important that parents are also involved so they are able to help their children when they are at home. We would therefore like to invite you to a special talk on Tuesday 29th January at 6.00pm in the Pavilion.

The talk is being given by Paul Hay, who is a specialist in Internet Safety. He will tell you :

- **How young people use the Internet.**
- **Show how children use programs such as Moshi Monsters, Minecraft, Roblox, Instagram and SnapChat**
- **Describe how information young people post can be misused by people who are not their friends.**
- **Explain what you, as parents, can do to help keep them safe.**

Instagram

Above all it will give you as parents and carers the confidence to help your child get the most benefit and enjoyment from the Internet whilst keeping safe.

Topics will be discussed in language we as parents understand. No technical or computer knowledge is required or expected.

If you would like to book a space on this session, please complete and return the reply slip to the School Office by **Friday 25th January 2019**.

Help to Keep your Child Safe Online

I would like to book places for this session

Name

Child/Children's name(s) and Class

Is there a particular question on e-Safety that you would like answered? Write it here and we will do our best to have Paul answer it on the day.

17th December 2018

Dear Parent/Caregivers,

Maths Week – 4th to 8th February 2019

Building on the success of last year's Maths Week, we will be holding another sensational week from the 4th to the 8th February 2019. During this year's Maths Week there will be a range of activities and events across all year groups and we need your help...

Last year we were extremely fortunate to work alongside external companies, parents and general maths enthusiasts to make the week one to remember. With this in mind, it would be excellent if you, as parents/guardians or relatives, could offer a workshop or a talk in any field of maths. Your services would of course be to a year group of your choice and at a time convenient to you. There are slots free throughout the week. With the possibility to deliver your workshop/talk to any year group, or multiple year groups should you wish, classes can be flexible around times you wish to visit.

Also, as we are working in collaboration with Holy Trinity, if anyone was also willing to present to a class there too, could you please indicate this below.

Please could all slips be returned to the school office by Friday 18th January 2019 at the very latest .

Yours faithfully,
Miss Iasi
Head of School
